1201 ANNUAL FIRE DRILL

Tuesday, October 4

1201 Third Annual Fire Drills will take place on Tuesday, October 4, 2022.

The drills will take place during the following time frames: 9:30 -10:30 am & 1:30 -2:40 pm.

The fire drills are an important opportunity for all tenants to familiarize themselves with the fire exits and relocation procedures in the event of a true emergency on their floor. The fire drills allow Floor Wardens the opportunity to practice their role and responsibilities during a real-time fire alarm.

Property Management staff will be stationed at stairwell exits to assist during the drills. All elevators will be recalled to the lobby during both drills, so please plan your schedule accordingly. We realize the fire drills cause a disruption during the workday and we appreciate everyone's participation in this critical exercise.

A detailed fire drill schedule for each floor has been sent out by email. Please contact Property Management for more information.

- **DROP** to the ground...before the earthquake drops you!
- **COVER** your head and neck
- **HOLD ON** to it until the shaking stops.
